Headteacher: Mrs. K Cooney, BSC (Hons), MA

8th April 2022

Dear Parent/Carer,

Please find on Edulink, a copy of your daughter's March interim report and her results from the mock examinations taken earlier on this term.

The interim report provides information on the progress your daughter has been making in class and her overall progress taking into account all assessments that have taken place to date. This information has been used to determine whether your daughter is on track to meet her target grade for her GCSE/BTEC qualifications.

I would like to remind you that the mock examination results are based only on part of the GCSE/BTEC specification covered at the time of the mock examination. These results are **not** predicted or expected grades, and should the summer 2022 examinations be cancelled, they will form part of the teacher assessment grades, as discussed with all year 11 students prior to the assessments.

This will be the final interim for your daughter. All teachers will continue to support and provide guidance to ensure she is given the best opportunities for the remainder of the academic year.

I wish your daughter well for her forthcoming examinations and every success for the future.

Should you have any queries please do not hesitate to contact Mr Goetschel or myself via the school office.

Yours faithfully,

L Verma
Assistant Headteacher (Curriculum and Assessment)
